

BOTANICAL COMPLEX FOR VETERINARY USE IN CAMELIDS

Solution to stimulate and strengthen the immune system

100% natural product based on Aliphatic Ketones & Flavonoids

The natural alternative to
enhance health and vitality in
camelids

What is **strong camel® active defense**?

Powerful botanical complex to stimulate the immune system in high-performance camelids based on Aliphatic Ketones and Flavonoids, and developed with the most advanced phytotechnology.

To what **strong camel® active defense**?

Indicated to raise defenses in all species of camelids (race, work, domestic, production, etc.) and protect them from external agents (viruses, bacteria and parasites) that can affect their health and leave them inactive for long periods.

It is a 100% NATURAL product, which stimulates the production of antibodies, generating a defensive barrier (from the inside out) against infectious diseases. Your camel will stay healthy and active without the need for synthetic antibiotics.

Why **strong camel® active defense**?

Its exclusive formula combines plant active ingredients with high concentrations of essential amino acids, minerals, vitamins, flavonoids and ketones that strengthen the animal's immune system, increasing its resistance and natural vitality.
