

BOTANICAL COMPLEX FOR VETERINARY USE IN CAMELIDS

A natural solution to reduce stress during the weaning process

100% natural product based on Apigenol Heterosides and mineral oils

The natural alternative
to enhance health and
vitality in camelids

What is **strong camel® anti-stress**?

Powerful botanical complex to reduce stress during the weaning process in high performance camelids (races / milk producers) based on Apigenol Heterosides, and essential oils developed with the most advanced phytotechnology.

To what **strong camel® anti-stress**?

Weaning is a critical stage for both camel calves and mothers, with increased aggressiveness and nervousness being common, which generates high energy expenditure.

It is a 100% NATURAL product, indicated to enhance nutrition in weaned pups, while improving the nutritional conditions of females, without compromising their reproductive and productive capacity.

Why **strong camel® anti-stress**?

Its exclusive formula combines plant active ingredients with mineral concentrations and essential oils. This prepares the calf to go through the trauma of weaning, increasing its resistance to stress without causing weight loss or vitality.

DEVELOPED BY **BASEL- PHYTOTHERAPEUTIC MEDICINAL LABORATORY**.
ALL OUR PRODUCTS ARE MADE WITH CERTIFIED RAW MATERIALS, FREE OF
PESTICIDES AND UNDER STRICT HYGIENIC-SANITARY CONDITIONS,
ENSURING QUALITY AND EXCELLENCE.

PROVEN EFFICACY – VISIBLE RESULTS

- Reduces aggressiveness and nervousness that arise during weaning, both in the female and in the calf.
- Combat stress and fatigue, improving the resistance and vitality of future champions.
- In conjunction with Strong Camel[®] Active Defense, it strengthens the mother's immune system during pregnancy and stimulates the production of high quality milk to raise a strong and healthy calf.
- Contributes to recovery and comprehensive well-being.
- Improves the coat.
- Dietary supplement without doping effects.
- 100% natural and vegetable – Quality guarantee.
- Kosher and Halal certified.
